TERM 2
26th June 2020

OSHC / Vacation Care

Meet the OT students!

Jade

Georgia

Our names are Jade and Georgia and we are in our second year of Occupational Therapy at the University of South Australia. We have been offered the opportunity to work with students and teachers at Clovelly Park Primary School (CPPS) while on placement. We have been lucky enough to be allocated to a 10 week placement at CPPS, Tuesday-Thursdays.

As occupational therapy students, our focus is to use meaningful activities as therapy to enhance health and wellbeing.

Over the 10 weeks that we are at CPPS, our aim is to support the students with self-regulation through environmental adaptations and classroom strategies to enhance health, wellbeing, and education.

We seek to collaborate with a number of stakeholders, both outside and within the CPPS community, to implement strategies students can use to better manage their self regulation.

The purpose of this project is to develop strategies that can be implemented within the school environment, namely within the classroom, so that teachers can help students to use these strategies to better manage their self-regulation. As the students progress with their ability to manage self-regulation, we hope that it will translate to everyday life.

2020 School Fees

Thank you to those families who have paid their 2020 school fees. For those families who haven't yet paid, payments can be made at the front office.

For any families seeking payment arrangements, please see the Business Manager before the end of this term.

R5 Artwork

R5 have made beautiful rainbows on our Maths Wall to represent their understanding of rainbow facts.

LEADERSHIP TEAM MEMBERS

Terena Pope, Kylie Tuckey, Wahid Halimee, Emma Voigt, Jenny Bartold

Wow – time for another newsletter!
The time goes so quickly in schools as everyone is so busy learning.

Teachers have been busy writing reports for students as the end of Term 2 gets closer.

At this time, teachers get another opportunity to reflect on the way that a child has been able to link in with the learning that has taken place in the class and also to consider what might be needed to facilitate successful and meaningful learning in the new term.

I took some time to engage with classes this week and to admire the teaching that our teachers do and the learning that our students do. This also gave me the opportunity to see the students having fun, being challenged, working collaboratively with their peers, solving problems and being proud of their achievements.

So much more happens in classrooms than we think!

All students including Receptions discuss Science concepts, Mathematical thinking, English Grammar, Equity and skills of learning without being aware of the profound lifelong learning that they are undertaking.

When your child is home with you during the schools holidays and wants to connect with you, ask them about what they do at school, and if they want to share how their days have been spent and what they've learnt at school. Read a book with your child, take them to the local library, but remember that their learning has occurred and is possible because of the teachers and staff at our school that help your child to grow everyday this term.

The Leadership Team thanks the teachers at our school for helping our students to bloom.

Kylie Tuckey
Acting Principal

DIARY DATES

Term 2

Pupil Free Days 2020

Monday 20th July

Monday 2nd November

School Holidays

Monday 6th-17th July

Friday 3rd July - Last day of Term 2
2pm dismissal

Tuesday 21st July - First day of Term 3

School Photos

Thursday 22nd October

SCHOOL CARD

Applications for 2020 School Card are to be completed online this year. An information sheet is available from the school office.

PAYMENTS

Invoices for school fees have been posted to families. Please note we are not currently accepting cash payments.

Keeping connected to online support

Children and young people grow up in a highly connected world. Online connections are integral to how they live. As parents and carers, it's important to help your child manage how and when they are online.

While at times it may be necessary to limit their access, it's important to remember that their online connections can be healthy and link them to supportive friends on social media or to mental health information and services.

Children and young people need to know it's ok to reach out to mental health professionals when they need advice and support.

We want all children and young people to feel respected, in touch and mentally healthy. We can guide them through complicated relationships, no matter where they happen. Let's work together to help them stay safe and keep connected.

[esafety resources](#) provide useful information and advice for parents and carers to help children have safe experiences online.

Design Technology

B1 and B2 have been designing marble runs in design technologies. The project required students to effectively plan and create a marble run that lasted for the longest time possible.

After the planning and creating phases were complete, we got together to measure run times and reflect on how we could have improved or changed our designs.

Lunchtime Basketball

On Thursday 25th June, we held our first student v's staff lunchtime basketball game in the gym. The staff included in this game were Ms Smith, Mr K, Mr Mac, Miss Shae, Mr Jack, Mr Coombes, Miss Emma and Miss Charmain. It was a great game, all players showed good sportsmanship, team work and inclusion towards all other players.

OSHC / Vacation Care

School holidays will be between 6th - 17th July 2020. OSHC will run several daily programs during this period. Please remember to book your child in by contacting Jo Battersby on 0418 585 142. Numbers will be limited.

Netball Teams

We are currently looking for students who are interested in playing Netball in Term 3. Please return Netball notes by end of next week. Training sessions will be on Wednesday (5/6/7 team) and Thursday (2/3/4 team).

NAIDOC Week

We were planning to acknowledge NAIDOC Week in Week 10 this term, between 29th June – 3rd July, however this date has been postponed nationally and for Clovelly Park Primary School.

We will be now celebrating this week with fun-filled activities in Week 5 Term 4, between 9th – 13th November.

COVID specific information

Firstly thank you to everyone for being so accommodating and understanding through the COVID -19 period, such a challenging time in so many ways. As we can see by the struggle that some parts of Australia are still facing due to COVID, we must remember to continue to follow social distancing protocols and frequent hygiene practices even in South Australia.

Thank you for your support whilst we continue to follow the guidelines of the Department for Education and now that the Premier has announced step 3 of the COVID-19 roadmap, please see specific details below.

A reminder that the AHPPC (Australian Health Protection Principal Committee) does not believe that it's appropriate or practical for students and children to maintain physical distancing requirements in classrooms or corridors. Even though this is the case, it is advised that physical contact (even between students) must be limited. Staff at school are encouraging non-physical greetings like an elbow bump or an 'air' high 5.

We are asking that parents/caregivers are only to enter the grounds to 'drop off' and 'pick up' and should not spend extended time on site - unless they have negotiated to meet with a staff member. It would be preferred that communication between parent and teacher occur via a phone call or email rather than a 'face to face' meeting. With this in mind, we ask that parents remain outside of buildings and classrooms. In addition we request that any parent/caregiver who needs to enter the classroom reports to the front office in the first instance to sign in and complete the 'site access'.

Whilst we are enjoying a slight return to normality, it is really important for students and staff to stay at home if

they are unwell. For the spread of viruses like COVID 19 to be slowed, it is vital that we all think about the impact that could occur if we ignore these warnings, as a 2nd wave of infections could return us to remote learning and lockdown again. Employees and students who are considered [vulnerable to COVID-19](#) should consult their medical practitioner when deciding to return to the workplace or school/preschool.

Volunteers will need to wait until next term to return to schools to support unless they have been deemed as not being 'in any at risk category'.

Assemblies will also need to stay on the Term 3 list. The current social distancing rules make this kind of event very challenging to manage in terms of social distancing requirements.

Netball will be able to start up again this term at our school; however social distancing requirements need to be followed and this has been communicated in information that has gone home to parents/caregivers.

More information

If you have any questions about managing the impact of COVID-19 in the workplace, please call the department's COVID-19 Information Line on 8226 2000 (8am to 5pm).

Information is also available on the department's dedicated information site [EDi COVID-19 pages](#).

You can also call the government's coronavirus health information line – the 'National Coronavirus Helpline' - on 1800 020 080. The line operates 24 hours a day, 7 days a week.

As a community this is still a challenging time for all. If you have any need for clarification please contact your child's class teacher or a member of the Leadership Team by phoning the front office.

As with all COVID-19 based advice and rules, they have the potential to change quickly so please continue to check for updates.

Thank you,

Kylie Tuckey—Acting Principal
